State appears by DPA Brian D. Lucchi. Defendant appears in person and with counsel, M. Robert Phillips. Fact finding hearing held on State's Amended Petition to Revoke Home Detention. Atty Phillips moves for a separation of witnesses. The Court grants the same. The parties present evidence. The Court, after hearing evidence and being duly advised, now finds the defendant did violate the terms of Home Detention stated in paragraph two of the Petition. The Court orders the defendant to continue with Home Detention as previously ordered by the Court with no additional sanctions. The Court denies the request to search the garage/shed of the property owner.
